The Development, Resource, Building, Healthy and Sustainable, and Transportation and Mobility branches of the Development and Mobility Strategy Office are developing opportunities for County residents and stakeholders to help in the planning of issues that impact them.

The Neighborhood Planning Academy held five virtual sessions and a final in-person session concluding with participant presentations. The presentations included projects such as noise pollution, transportation, ecological, commercial, and other topics.

During the final session, the presentations included projects such as noise pollution, transportation, ecological, commercial, and other topics.

Finally, please note that you can also visit the website www.pgplanning.org to learn how you can become engaged in shaping the future of our community.

Save Lives from Alzheimer's Disease

It is important to act quickly, said Jermaine Gordon, safety and security supervisor for the national Capital Park and Planning Commission. “[The aed] is the most important part of the chain of survival,” said Gordon.

Save Lives from a Home at 4306 John Street, in Skyline, has sold for $210,000.

Holiday House Tour Reinstates Longstanding Laurel Tradition

IN PRESS OFFICER

Laurel Historical Society

On Saturday, December 9, the Laurel Historical Society’s Holiday House Tour will begin at 10 a.m. for the first time in five years. One of the oldest and longest-running traditions of the Laurel Historical Society, this event is once again open to our friends and members to tour homes and buildings in the Laurel area.

During the beginning of the 19th century, Paul Jennings, the President’s private slaved valet, likely came on these visits to Marietta. The Madisons and Duvalls dined, marietta House as guests to Gabriel and Jane Duvall. The Duvalls were an extended family of both hwat and Moore.

“Marietta House Museum, in association with the Laurel Historical Society, is proud to reintroduce one of the most popular events of the year, the Holiday House Tour,” said Lisa Everett, Holiday House Tour Committee Chair.

With the arrival of the holiday season, the holiday House tours committee has worked hard this year to arrange a diverse group of buildings and homes in the greater Laurel area.

The Laurel Historical Society was able to piece together information in the Marrietta House and several documents to document the most important part of the chain of survival.

The tour will start at the Laurel Museum at 12:30 p.m. on Dec. 9. Those who purchase tickets in advance will have access to the front desk and receive a sticker and map, which will include directions to each stop, locations of refreshments and bathrooms, and parking information.

From 1 to 5 p.m., tour participants are welcome to visit the locations in the order of their choosing. At each stop, 1 to 5 p.m., participants invited to gather at Christmas Wreath and Vineyard, Laurel’s premiere wine tasting and social event of the year. On the day of the tour, participants will have the chance to visit the Laurel Museum and its holiday gift shop from 12 to 4 p.m. The exhibit features “All is LAUL City: Lessons Learned” and the four counties that make up Laurel and further explore the history of the homes on the Holiday House Tour, such as Old Marrietta House, the home of Dr. George Washington Carver. Our extensive exhibition of Laurel—geographically, historically, and architecturally—will take you through the history of the Laurel House Tour.

Tours are available daily from 10 to 5 p.m. and are available for groups and individuals.

In addition to getting AEDs in all PGML branches, staff will have the option of volunteering to take CPR, AED, and first aid training as well as course training and workshops on accessibility and parking suggestions.
