

NO LONGER FORGOTTEN

YOU ARE CORDIALLY INVITED
NEWTON WHITE MANSION'S
ANNUAL BLACK HISTORY EVENT
No Longer Forgotten

What happens to African American children when they go missing? Is the legal system treating black youths equal? Let's examine the cases of Scottsboro 9, Emmett Till, and Trayvon Martin through an exhibition and discussion about the disparities in color and demographics in keeping black youths safe and guided.

Experts from the **Black and Missing Foundation** will be onsite for this forum and provide insight on missing cases and how they are handled in the community and with law enforcement.
